

Service Bulletin

Subject: Replacement Tubing

SCOPE : ALL MANITOWOC BEVERAGE EQUIPMENT

SYMPTOM

Replacement Tubing for Beverage Dispensers

ACTION

The tubing used in Manitowoc Beverage equipment is specified for the function it performs. If any tubing is replaced on this equipment, it must be replaced with tubing of equal or greater ratings for pressure, temperature and flow. In addition, the tubing and materials used in its manufacture must be rated for the fluid or gas being transported within. Deviation from this may cause leaks along with associated safety and health hazards.

FURTHER ACTIONS

Contact Manitowoc Beverage Systems Service Sellersburg Indiana if you have any questions or concerns:
